COUNCIL GIVES ATTENTION TO UNMAPPED ALLEY PUZZLE

Property Holders of Reservoir District Insist Alley Exists

RECORDS FAIL TO PROVE IT

Consequently Council Bothers Until Solicitor Gives Opinion—Much Important Business Transacted at Regular Monthly Session

An alley puzzle came to the attention of the borough council, at its regular October meeting Tuesday evening in the borough chambers, that caused considerable thought, even though it had been taken up before. A number of property holders desire that an alley be opened from Oakland avenue to an alley back of the reservoir. Yet the borough maps show no alley and records give no sign to indicate the existence of one. To back them up in their contention the property holders produce a map of the land when it was first plotted. The plot seems to be a matter of record, clearly proving the alley to have existed at one time. Borough Solicitor D. M. McCloskey advised the borough it has nothing to do with the matter and that if the property holders desire to have the alley opened they will have to take up the matter through some other way. A house is partly located on the alley and a fence belonging to an owner, shuts it off at another location.

All members of council were present, with President D. R. Duvall in the chair. The meeting was a long one full of important business.

Rose Alley to be Paved
The ordinance for the paving of Rose alley, back of the Washington Avenue Presbyterian church from Cherry alley to Lincoln avenue passed final reading, was ordered printed and posted and depending upon Burgess S. L. Woodward's signature, Borough Clerk Ira L. Nickeson was instructed to advertise for bids for the paving. He was also instructed to advertise for bids for laying a sewer on Lookout avenue between Seventh and Eight streets. Bids are to be in by October 18.

Want Steps at Thirteenth
A petition was presented signed by 20 real estate owners asking for steps from Crest avenue to Lincoln avenue down Thirteenth street. The street committee was named to investigate and to report back to council.

Ready to Build Wall
U. S. Orange stated to council that Third street owners above Lincoln were ready to build their retaining wall and asked permission to use one foot of the sidewalk space. The borough solicitor was instructed to draw up an ordinance granting this permission.

Borough Engineer T. J. Allen was instructed to devise some plan to care for the surface water along Long alley between Ninth and Eleventh streets, from where complaints have been heard. He is to report at the next meeting.

Walter Byerly was present to ask council to lay a curb along Fourth street from Meadow avenue to Blythe alley. Council told Mr. Byerly that he could lay the curb at his own expense if he wished and that his expense the street was paved. Street Commissioner Jacob Hornell was instructed

to make a filling of Fourth street above Meadow avenue with stone.

Assessment sheets for the paving of Crest avenue from Second to Fifth street were accepted and the borough clerk was instructed to send out notices to property holders.

Crest avenue paving will cost property holders about \$101 for a 40 foot frontage, which is considered an exceptionally good price when it is understood that it is a 24 foot street.

Alarm Box Favored
The fire, water and light committee reported favorable to the placing of an alarm box on Third street between Lincoln and Crest avenue. The committee was given power to act in having one located.

Upon the report of the street committee, through Councilman J. K. Mitchell, council entered into the discussion of the removal of a telephone pole of the Charleroi Telephone Company at Second street and Meadow avenue. The trouble has become chronic, and numerous investigations have been made. Mrs. Sedonia Jones demands that the pole be removed to another location. Council did not act.

Light Ordinance Passes
Representing the West Penn Power Company O. J. Schafer and George Leith were present and presented an ordinance a copy of which was first published in the Mail Tuesday, for a new light service. Taking up the ordinance council passed its first reading and ordered it printed and posted.

Assessment Notices to be Sent
The ordinance calls for the use of a new nitrogen gas filled lamp in Charleroi, claimed to have a greater lighting power. Demonstrations are being made now on various streets.

Borough Officials Report
Burgess S. L. Woodward presented report for August and September. In August there were 90 arrests, \$130 assessed in fines and \$107 collected. In September there were 64 arrests, \$73 assessed in fines and \$66 collected.

Tax Collector J. W. Mathias reported splendid collections during the month of September, which is the best tax month of the year. The total turned over to the treasurer in 1916 taxes this month he reported was \$32,996.60. Taxes of previous years reported received amounted to \$71.08.

Treasurer E. W. Hastings reported for July receipts of \$3,296.92 and disbursements of \$6,906.91 and for August the following:
Balance from last report ..\$4,492.12
Receipts10,179.43

Total\$14,671.55
Disbursements10,016.18

Balance\$ 4,655.37

Estimates Received
Estimates were received for Crest avenue and Fifth street paving. On Fifth street the balance due contractors was \$1,981.80 and on Crest the final estimate showed a balance of \$2,520.81 due.

PROHIBITION MEETING HELD ON FIFTH STREET

Frank Fish of Claysville and Rev. M. M. Allbeck of Monongahela spoke at an open air meeting at the corner of Fifth street and Fallowfield avenue Tuesday evening in the interests of the Prohibition party. They were heard by a large number.

MEXICAN LABORERS SEEM TO LIKE JOBS

Large Number Now Employed Along Monongahela Division—New Party Brought Here by Pennsylvania Railroad This Week

Additional Mexican laborers for yard and track work have been brought to the Monongahela Division by the Pennsylvania Railroad, and sent to quarters at Brownsville. The coming of the Mexicans has resulted in an attempt of contractors in Fayette county to hire them, however without success.

Mexicans who first arrived found

it somewhat difficult to accustom themselves to their new surroundings, but finding that they have nothing to fear if they do their work and that signs of hostilities between the two countries do not affect them, have become contented.

They seem to be more satisfactory as laborers for the railroad than the southern negroes which were first brought to this valley.

REV. SCHEER BEGINS HIS WORK WITH REV. HAYES

Representative From Pittsburg Apostolate Preaches Sermon at St. Jerome's Church

Rev. Gabriel Scheer of the Pittsburg Apostolate who closed a successful mission in Indiana joined Rev. R. L. Hayes Tuesday to hold a mission at St. Jerome's Catholic church and preached the sermon that evening on "Death." Father Scheer said in part:

"Formed from the earth a composition of ashes, it is inevitably decreed that man must return to dust from which he sprang. All flesh must once die. Yes, I must die and nothing will remain to me of all my property, honors and riches. This truth should convert all sinners and change the face of the universe. But, Oh deplorable blindness! It is a truth seldom considered or meditated upon."

REV. GABRIEL SCHEER

The spirit of materialism is so deeply rooted in the heart of man at the present time that the great mass of people seek to forget or ignore it. Yet death stares us in the face every moment of our lives. Our life here below is the road to death.

"Look to your right, look to your left, and you see this grim executioner, with his bony hand claiming his victims. He is no respecter of persons."

The babe in its mother's womb is stricken with the arrow of death, and is brought into this world only to be laid in a dreary grave, there to moulder into dust. What can we do to appease this inflexible tyrant? Do

CUNEO-PARDINY WEDDING IS PRETTY CHURCH EVENT

Connellsville Man Takes Charleroi Girl as Bride—Leave for Wedding Trip to North East

The wedding of Miss Clea Pardiny, daughter of Mr. and Mrs. Phillip Pardiny of Fallowfield avenue to Lawrence Cuneo of Connellsville was in event solemnized this morning at 8 o'clock at St. Jerome's Catholic church. Rev. W. D. Fries, the pastor performed the ceremony in the presence of a large company of friends.

Attending the bride was her sister, Miss Elizabeth Pardiny. The groom's man was Frank Cuneo, his brother. The groom's man was Frank Cuneo, his brother. The wedding march was played by the church organist Mrs. Bertha Kleist and special music was rendered by Prof. John Kiferlie, violinist of Connellsville and Mrs. James DeOre, soprano, of Connellsville.

Following the wedding a breakfast was served at the Wellington hotel in honor of the couple. Covers were laid for about 40 guests, consisting of relatives and immediate friends of the couple. Several talks were made. Later the happy couple left on their honeymoon tour to Buffalo, New York City and Boston. They will return to be at home after November 1 at Connellsville.

The bride is well known here and at Belle Vernon, as well as in other points of the valley. Lately she has held the position of teller in the First National Bank of Belle Vernon. Her husband formerly was manager of the Sligo Iron Works at Connellsville. He now is the president and manager of the Central Supply company at Dunbar.

Eye Removal Necessary.

Suffering from complications developed when a pine needle from a Christmas tree ran into his eye, Muriel, the three-year old son of Mr. and Mrs. Muriel Walker of New Eagle, was forced to have the member removed.

we offer him our riches? He tramples under foot all the treasures of the world. Do you allege the ties of friendship or love? He delights in cutting them asunder. He separates husband from wife, children from parents. Beauty so much admired by the world has no charms for him."

Father Hayes will preach tonight on the "Trial of a Soul."

MILLWRIGHTS TOLD TO HURRY REPAIRS AT DONORA PLANT

FORMAL ACTION TAKEN ELECTING LEAHEY AS HIGH SCHOOL COACH

School Board Busy With Monthly Work—New Flagpole Erected in High School Yard

Formal action was taken by the school board at their regular meeting Tuesday evening electing Joseph Leahey, a former Colgate star, as athletic coach and high school teacher. Leahey took up his work here last Thursday.

A number of bills were paid by the board and consideration given to the progress on the new high school additions now under way. Report was made that a flagpole donated by C. J. Mogan had been erected Tuesday in the high school yard.

ENOUGH CARS FOR MONESSEN MILLS

Shortage Has Not Yet Seriously Affected Industries Across River

QUICK UNLOADING HELPING

Monessen has not been affected so far by the car shortage causing trouble in eastern states, in spite of the immense shipments going out daily from the large mills there. However the New York Central lines have been compelled to make insistent demands to supply the needs.

Large numbers of cars have been requisitioned to move crops to the west, as well as war munitions to the seaboard. Other needs have had to be supplied so that in the Pittsburgh district there has been a general lack of cars. Quick unloading is helping Monessen to its supply of cars.

DECIDING GAME TO BE PLAYED ON SATURDAY

The third and deciding game of the Pittsburgh Steel-Steel Products championship series will be played on the Charleroi field next Saturday. Osborne, Roberts or Braithwood will pitch for the Steel company. The Products pitcher is not yet announced. A feature will be the announcement of the world's series score at the grounds.

Notice Royal Arcanum Members
Special meeting tonight. Free enchre, smoker and lunch. Explanation of new rates. 92-t1

A smoker and enchre will be held for the members of the Royal Arcanum, Wednesday evening October 4 at the Odd Fellow's hall, Fifth and Fallowfield. Lunch, cigars and speaking. No admission. 92-t2

Start to be Made of Wire Mill Departments Within Ten Days

OLD CONDITIONS IN FORCE

Arrangements Made For Resumption—Orders Ahead Insuring Continued Activity—Entire Renovation In Different Departments

Within ten days if repairs can be completed in that time all departments of the American Steel & Wire Company at Donora will resume activity under the same conditions that existed before the suspension Monday. A large force of millwrights was put to work this morning to hurry along the repairs. Whatever slight labor trouble there was existing has been brought to an end by men offering to return to work under the former wage scale.

The wire mill has been entirely closed since Monday, when repairs which had been pressing for a long time were started. Approximately 1,300 men were thrown out of work for the time being. The entire number will be again employed upon resumption of the plant.

The Donora mills have big orders ahead as have all other mills of their kind throughout the country. They have been operating steadily without the least sign of a letup in the pressure for months. Repairs now under way take in all departments so that an entire renovation is in progress.

WILL HOLD PRAYER MEETINGS IN INTEREST OF TEMPERANCE

W. C. T. U. Meeting Results in Schedule Being Arranged to Run Unit Election Time.

Cottage prayer meetings will be held each Tuesday evening from now until election time under the auspices of the Women's Christian Temperance Union to further the cause of temperance. This was decided at a meeting of the Union Tuesday afternoon at the home of Mrs. J. K. Mitchell on Crest avenue, when arrangements were made. Arrangements were also made for the Charleroi members to assist with a program at the institute to be held at the home of Mrs. McCuskey at Monongahela, October 12. Mrs. D. R. Duvall had charge of the program and presented an interesting paper.

RULE DISCHARGED WHERE LOCAL FIRM IS DEFENDANT

In the suit of the B. F. Sturtevant Co. against Regan & Hornell of Charleroi, rule on plaintiff to show cause why the plaintiff's rule upon the defendant for a bill of particulars should not be discharged, the court has handed down an opinion discharging said rule. There was involved simply a question of law brought about by the new practice act. The ground on which the rule on the defendant for a bill of particulars was resisted was that the necessity for furnishing a bill of particulars has been obviated by the new practice act.

NORTH CHARLEROI

Mr. and Mrs. James Kearns departed Wednesday for Cleveland, Ohio, where they will make their future home.

A number of Monongahela women were entertained in a visit with Mrs. S. M. Miller of 1100 McKean avenue last day evening. After a pleasant evening lunch was served.

Mr. J. C. Eads was a business visitor in Pittsburgh Wednesday.

Miss J. R. Blythe of Washington avenue spent Tuesday in Pittsburgh.

Miss Althea Patrick of Monessen visited with her sister Mrs. C. W. Albert, Jr., of Fallowfield avenue Tuesday.

Mrs. J. R. Blythe of Washington avenue spent Tuesday in Pittsburgh.

Mrs. E. N. Dwyer and children of Meadow avenue have returned from Bellevue where they visited with her parents.

Mrs. Bertha Echols has gone to Youngstown to visit, after visiting with her sister Mrs. A. G. Lewis of Meadow avenue.

LOCAL PEOPLE HONORED ON EVE OF DEPARTURE

Reception Given by Members of First Baptist Church for Mr. and Mrs. James Kearns

Members of the First Baptist Church Tuesday gave a reception at the home of Mr. and Mrs. D. C. Whitlatch as a farewell to Mr. and Mrs. James Kearns, who are moving to Cleveland, Ohio. A program consisting of a piano solo by Miss Della Jacobs, soprano solo by Mrs. C. C. Wright, piano solo by Miss Dorothy Whitlatch, soprano solos by Mrs. A. G. Lewis, violin solos by John Meikel and Russell Carl and numbers by a male quartet was rendered. Rev. W. G. Carl made a few remarks.

Cheerleader Elected.
At a mass meeting of high school students Tuesday evening Gibson Hill was elected cheerleader and Miss Esther Berryman assistant.

BROWNSVILLE WOMAN FAILS TO SHOW UP

The suit of Mrs. Margaret Ridge of Brownsville who alleged that Albert H. Bozman of Baltimore had fleeced her out of \$1,400 upon pretense of marriage, was dismissed Tuesday by Alderman J. J. Kirby. Mrs. Ridge failed to appear.

TRY A CLASSIFIED WANT AD

BEST MAN AT A WEDDING.

Time Was When He Used to Assist in Abducting the Bride.

Do you know why the bridegroom's attendant at the wedding is called "best man" and how he happens to be such an important factor at a society wedding? He is supposed to look after the ushers, the carriage, the wedding ring and a host of other things that the fortunate lover could not be expected to concern himself with at such a time. But there was a period in the history of the human family when the best man had other duties than these to perform. It was when there was no church ceremony and when primitive people had come to the conclusion that marriage within the tribe was not good for the race. Then it became the fashion for the young man of marriageable age to go forth in quest of a bride, the daughter of some neighboring tribe.

Perhaps the girls were not entirely unwilling to be captured, but no girl either ancient or modern, would admit for a moment that she had wandered away from the protection of her male relatives for the actual purpose of being abducted. Even if there was no brother at hand the girl was likely to put up a game fight, and the prospective bridegroom had need of the assistance of a strong muscled friend to aid him in subduing her. There was very little to the ceremony, once the girl had been taken to the home of her future lord, but the "best man" was always a honored guest in her home, especially if the marriage turned out well. In many mountainous parts of the civilized world where old customs obtain the "best man" still pretends to assist in abducting the bride.—St. Louis Globe-Democrat.

EATING TO LIVE.

Rules by Which Good Health May Be Gained and Retained.

Herewith I give a few general suggestions for those who desire health, writes Edward B. Warman, A. M., in the Nautilus:

No one can have health who eats too much.

No one can have health who eats too often.

No one can have health who eats too many kinds of food at the same meal.

No one can have health who eats when tired, hurried, worried, anxious or excited.

No one can have health who rises late, gulps down a hearty breakfast and then sprints for the car.

When you have eaten do not wonder if it will agree with you. When you begin to wonder trouble begins. Say goodbye to it, not expecting to hear from it again. If you fear it do not eat it; if you eat it do not fear it.

Be cheerful at your meals. A sour countenance will give you a sour stomach.

Praise your wife's cooking—if you can conscientiously.

If you go home with a grouchy leave it out of doors, where the dog will get it—then shoot the dog.

The majority of people do not know how to live until they are ready to die, and then they are not ready to die because they have not rightly lived.

Genesis of the Playhouse.

Thespis in 536 B. C. acted his plays in a wagon. In 499 B. C., during the time of Aeschylus, creator of drama, the performances took place upon temporary wooden scaffolds, one of which, having collapsed during a representation, the Athenians were induced to build the great theater of Dionysius, calling it the Lenaeon, which was the first permanent stone structure of its kind. It required 100 years to erect it. There was no scenery, but the scene was decorated so as to represent the locality in which the action was going on. Roofless was his structure, but around the building were porticoes, to which the people retreated during rainstorms. Sometimes awnings were used to ward off the sun's heat.

FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 1169 Auburn Avenue, Cleveland, Ohio.

Why not take Mrs. Brown's advice? Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

ELSIE BOLTZ ESTATE DIVIDED AMONG HEIRS

With the assistance of Gov. Martin G. Brumbaugh and the state administration on flood control and study is being given the form which the river regulation legislation to be introduced at the next session of the legislature should take. The plan which has the most advocates is the one under which the necessary works are to be constructed by the federal government out of funds provided by the states and counties as well as by the national government.

In order to make such a plan workable in Pennsylvania a new legislation was introduced and to that end a bill was prepared which permitted counties to issue bonds, the proceeds of which could be expended by the War Department in conjunction with other funds appropriated by the state and nation. This bill was passed in the session of 1911. No new legislation by this state was required to entirely legalize proceeding with the storage reservoirs and other river regulation works in this way, but an Act of Congress was necessary. The Congress of the United States became impressed with this idea of co-operation and at its recent session a bill was presented which put this principle into effect. This bill provides:

Up to the Army Engineers. "That all money appropriated for works and projects relating to flood control hereafter authorized shall be expended, and all examinations, surveys and improvements of such works and projects shall be made under the direction of the Secretary of War and the supervision of the Chief of Engineers; and all the provisions of existing law relating to examinations and surveys and to works of improvement of rivers and harbors shall apply, so far as applicable, to examinations and surveys and to works of improvement relating to flood control. And all expenditures of funds hereafter appropriated for works and projects relating to flood control shall be made in accordance with and subject to the law governing the disbursement and expenditure of funds appropriated for the improvement of rivers and harbors.

"All examinations and surveys of projects relating to flood control shall include a comprehensive study of the watershed or watersheds, and the report thereon in addition to any other matter upon which a report is required shall give such data as it may be practicable to secure in regard to (a) the extent and character of the area to be affected by the proposed improvement; (b) the probable effect upon any navigable water or waterway, (c) the possible economical development and utilization of water power; and (d) such other uses as may be properly related to or co-ordinated with the project. And the heads of the several departments of the Government may, in their discretion, upon the request of the Secretary of War, detail representatives from their respective departments to assist the Engineers of the Army in the study and examination of such watersheds to the end that duplication of work may be avoided and the various services of the Government economically co-ordinated therein; Provided, That all reports on preliminary examinations hereafter authorized, together with the report of the Board of Engineers for Rivers and Harbors thereon, shall be submitted by the Secretary of War to the Chief of Engineers, with his recommendations, and shall be transmitted by the Secretary of War to the House of Representatives, and are hereby ordered to be printed when practicable.

How to Apportion Expense. "In the consideration of all works and projects relating to flood control which may be submitted to the Board of Engineers for Rivers and Harbors for consideration and recommendation, said board shall in addition to any other matters upon which it may be required to report, state its opinion as to (a) what Federal interest, if any, is involved in the proposed improvement; (b) what part of the expense if any, should be borne by the United States; and (c) the advisability of adopting the project.

"All examinations and reports which may now be made by the Board of Engineers for Rivers and Harbors upon request of the Committee on Rivers and Harbors relating to works or projects of navigation shall in like manner be made upon request of the Committee on Flood Control on all works and projects relating to flood control."

With the passage of this bill, which is contemplated at the December session of Congress the machinery for participation by the federal government will be provided. To completely carry out the proposal of co-operation by the counties, the state and the nation an act of the Pennsylvania legislature committing the state to such river regulation projects is required. The passage of such a law will be sought in the session of 1917.

Men! FRANK & SEDER

FIFTH AVENUE, SMITHFIELD AND DIAMOND STREETS.

The Pittsburgh "Home" of

Hart Schaffner & Marx Fall Suits and Overcoats

Showing the smartest style tendencies for both the Conservative and Extreme dressers—in the widest selection of materials, patterns and colors.

\$17.75

\$25

\$30

And on up to \$45—and you no doubt know when you buy here you are SURE of the STYLE, the QUALITY, the TAILORING, the FAST COLOR and the RIGHT SIZE and MODEL for YOUR FIGURE. You know that back of a Hart Schaffner & Marx garment stands the ABSOLUTE GUARANTEE of the makers—and at a time like this when the market is flooded with cheap, inferior clothing, men of judgment will prefer to "play safe" and buy the garments of these famous makers.

Extra! Extra! Extra! Extra!

FALL SUITS & OVERCOATS

\$12.50

At \$12.50 a showing of Men's and Young Men's Fall Clothing of unusual value—extreme snappy models for the young fellows as well as the more conservative styles—every new and desirable color and material and all right up-to-the-minute styles.

We are offering values that will be a revelation to you at \$14.75—every new color, style and model, plain as well as fancy models—every garment warranted absolutely all wool and fast color—Suits for men of regular build as well as hard-to-fit men.

\$14.75
